

Finance

2021-24

Time : 3 hours

Full Marks : 70

Candidates are required to give their answers in their own words as far as practicable.

The figures in the margin indicate full marks.

Answer from both the Groups as directed.

Group – A

Answer any **four** questions of the following :

$$10 \times 4 = 40$$

1. Write and explain the characteristics of Operation Research approach.
2. Write the structure of linear programming model.
3. Write and explain the applications areas of Linear Programming.

HI – 121/3

(Turn over)

4. Solve :

$$\text{Maximize } P = 4x + 5y + 3z$$

$$\text{Subject to, } 8x + 5y + 2z \leq 3$$

$$3x + 6y + 9z \leq 2$$

$$x, y, z \geq 0.$$

5. Maximize $Z = 3x + 5y$

$$\text{Subject to, } x + 3y \geq 3$$

$$x + y \geq 2$$

$$x, y, \geq 0$$

Solve by graphical method.

6. Solve by Vogel's method :

		Destination				
Source		1	2	3	4	Supply
	1	2	3	11	7	6
	2	1	0	6	1	1
	3	5	8	15	9	10
	Demand	7	5	3	2	

7. Solve the assignment problem :

	1	2	3	4
I	12	30	21	15
II	18	33	9	31
III	99	25	29	21
IV	23	30	28	14

8. Discuss :

- (i) Critical Path Analysis
- (ii) Phases of Project Management

Group – B

Answer any **three** questions of the following :

$$10 \times 3 = 30$$

- 9. What is O. R. ?
- 10. What is Linear Programming ?
- 11. What is the limitation of OR ?
- 12. Describe the objective of OR.
- 13. Write about Degenerate transportation problem.

HI – 121/3

(3)

(Turn over)

14. What is PERT ?

15. Define Artificial Variable. Why do we need them ?

16. Explain North-West Corner rule.

17. Give two areas for the applications of assignment problem.

18. Explain Feasible Region. ✓

$$\begin{array}{r} 15 \\ 35 \\ 45 \\ \hline 6 \end{array} \quad \begin{array}{r} 2 \\ 5 \\ 5 \end{array} \quad \begin{array}{l} 1 \times 1 + 7 \times 1 + 7 \times 5 + 5 \times 3 \\ + 15 \times 3 \\ 1 + 7 + 35 + 15 + 45 \end{array}$$

$$\begin{array}{cccc} 1032 & 2 & 3 & 4 \\ \hline I & II & III & IV \end{array}$$

2021-24*Time : 3 hours**Full Marks : 70*

Candidates are required to give their answers in their own words as far as practicable.

The figures in the margin indicate full marks.

Answer from both the Sections as directed.

Section – A

Answer any **four** questions of the following :

10×4 = 40

1. What are management skills ? Explain the types of management skills.
2. Write down about the importance and functions of the management.
3. Write down about the contribution of F. W. Taylor.

4. What is Planning ? What are the types of planning ?
Write some barriers to effective planning.
5. What is Staffing ? Discuss the importance of staffing in the organization.
6. What do you mean by Communication ? What are the types of Communication ? Explain.
7. What is Co-ordination ? What are the need for coordination ? Also write its characteristics.
8. What is leadership ? Also write about the function of leader.

Section – B

Answer all questions :

3×10 = 30

9. What is scientific management ?
10. What is the purpose of management ?
11. Define Administration.
12. What are the objectives of planning ?
13. Write about the roles of Manager.

14. What is Delegation ?
15. Write the characteristics of Control.
16. Write about the direction in management.
17. What are the advantages of decentralization ?
18. Write about the Motivation.

proof & vol
in note

Candidates are required to give their answers in
their own words as far as practicable.

The figures in the margin indicate full marks.

Answer from both the Sections as directed.

Section – A

Answer any **four** questions of the following :

10×4 = 40

1. What do you mean by accounting ? What are the objectives of accounting ?
2. Explain different internal users and external users of accounting information.
3. Explain the different branches of accounting.

HI – 123/2

13/08/2025 (19:44)

Column

4. Explain the difference between book-keeping and accounting.
5. What is a cash book ? Explain its types.
6. Explain the fields of a Trial balance and why it is prepared.
7. Explain golden rule with examples.
8. Discuss the classification of errors with examples.

Section – B

Answer all questions :

3×10 = 30

*comparative
consistency
dec-m*

9. What is the use of financial statement ?
10. What do you mean by Accounting Standard ?
11. What is the use of Journal ?
12. What is Compound Journal entry ?
13. What is a ledger account ?
14. What is the difference between opening balance and closing balance ?

13/08/2025 19:44

15. What do you mean by Trading account ?
16. What is the use of vouchers in accounting ?
17. What is profit and loss account ? Why it is prepared ?
18. What are the functions of Financial Managers ?

2021-24*Time : 3 hours**Full Marks : 70*

Candidates are required to give their answers in their own words as far as practicable.

The figures in the margin indicate full marks.

Answer from both the Groups as directed.

Group – A

Answer any **four** questions of the following :

10×4 = 40

1. What is Authentication ? What are the various authentication techniques used today for safe business-transaction online ?
2. Briefly explain the private and public key cryptography. Define public key cryptography with RSA.

3. Explain Kerberos. What are the authentication requirements defined by Kerberos ?
4. Explain symmetric key encryption model with a neat diagram.
5. What are the various types of firewalls ? Explain each of them in detail.
6. Explain IP security architecture. Show how ESP works in transport and tunnel mode.
7. Compare Substitution and Transposition cipher techniques. *classified*
8. Explain the operation of secure socket layer in detail.

Group – B

Answer any **three** questions of the following :

$$10 \times 3 = 30$$

9. What is the difference between threat and attack ?
10. Explain the term Integrity.
11. Describe how a virus is moved on the Internet.

13/08/2025 19:45

12. Why security of web is necessary to protect data from unauthorized user ?
13. Difference between HTTP and HTTPS Protocol.
14. Name four factors needed for a secure network.
15. How is a secret key different from public key ?
16. Write down principles of Security.
17. Discuss the components of Cryptography.
18. What are the advantages and disadvantages of public key encryption ?

2021-24

business

Time : 3 hours

Full Marks : 70

Candidates are required to give their answers in their own words as far as practicable.

The figures in the margin indicate full marks.

Answer from both the Sections as directed.

Section – A

Answer any **four** questions of the following :

$$10 \times 4 = 40$$

1. What is the need of management information system from a business perspective ? Explain.
2. What is organization ? Explain different types of organization with their examples.
3. What do you mean by evolution of MIS ? Explain.

HI – 125/3

(Turn over)

13/08/2025 19:46

4. Explain functions of Managers in detail.
5. Explain :
 - (a) Top level management
 - (b) Middle level management
 - (c) Operational level management
6. Explain tools or techniques for systematic identification of MIS.
7. What is DSS ? Explain components of DSS.
8. Write and explain the pitfalls in MIS.

Section – B

Answer all questions :

3×10 = 30

9. Distinguish between Data and Information.
10. What are component of MIS ?
11. What is staffing ?
12. What is advanced MIS ?
13. What are disadvantages of MIS ?

14. Explain characteristics of MIS.
15. What is TPS (Transaction Processing System) ?
16. What are the challenges in MIS ?
17. What is basic information system ?
18. Write role of computer in MIS.
